Single

Mining Engineer

Well qualified and detailed oriented mining engineer with strong work ethic. Team oriented professional who have the agility to work in Surfaces mining as well as Underground mining.

PROFESSIONAL SKILLS

LANGUAGES

EDUCATION

- 2017 - 2020 College Of Industrial Technology Padang (STTIND) Mining Engineering (Bachelor's Degree) GPA 3.52
2014 - 2016 Padang State University Mining Engineering (Associate's Degree) GPA 3.16

PROFESSIONAL EXPERIENCE

- November 2015 - February 2016 PT. Bukit Asam (Persero) Tbk Unit Pertambangan Ombilin Internship Program
Companies engaged in the coal mining sector.
Job Descriptions:
1. Survey Emplacement.
2. Mining Ventilation Maintenance.
3. Underground Mining Transportation.
4. Ground Support Maintenance.
5. Underground Drill and Blasting.

RESEARCH PROJECT

- 2020 Crackmine Warns Of Landslides In Open Pit Mines
Student creativity program
Crackmine is used to provide information on the potential for landslides so that they can be overcome quickly before a landslides suddenly occurs

TRAINING AND SEMINAR

- DEC 2020 Open Pit Design
The Association of Indonesian Mining Professionals (PERHAPI)
On this training Outline about: Bench Geometry, Push Back, Pit Limit Design, Production Scheduling, Manual Design Application
OCT 2020 Training of Underground Mine Planning
Education and Training Unit for Underground Mining
On this training Outline about: Underground mining system, Evaluation of feasibility study data, Production Planning, Planning of mining and transportation equipment, Cost planning and risk management
SEP 2020 Mineral and Coal Exploration
Education and Training Unit for Underground Mining
On this Learning Outline about: The Concepts, Stages and Methods of Mineral and Coal Exploration

TRAINING AND SEMINAR

- Aug 2020 **Basic BlastHole Drilling**
Education and Training Unit for Underground Mining
On this Learning Outline about: Drilling in mining process, Surface drilling, Application and method drilling, Rotary drilling, Down the hole drilling (DTH), Top hammer and small DTH
- Aug 2020 **Management Of Hydrological And Hydrogeological Activities in Mineral And Coal Mining**
Ministry of Energy and Mineral Resources (Kementerian ESDM)
On this Learning Outline about: Benefit and Cost analysis, Challenges, solutions and Innovation of Management Of Hydrological And Hydrogeological Activities in Mineral And Coal Mining companies
- Aug 2020 **Mineral and Coal Conservation**
Education and Training Unit for Underground Mining
On this Learning Outline about: Type, Principle, Regulations, Guidance of Mineral and Coal conservation
- Aug 2020 **Sludge Material Management in Mineral And Coal Mining**
Ministry of Energy and Mineral Resources (Kementerian ESDM)
On this Learning Outline about: Benefit and Cost analysis, Challenges, solutions and Innovation of Sludge material management in mineral and coal mining companies
- Jul 2020 **Underground Mine Blasting Technique**
Education and Training Unit for Underground Mining
On this Learning Outline about: Introduction of blasting materials, Underground mine blasting technique
- Jan 2020 **Training for Drilling Operator for Underground Mining Blasting**
Education and Training Unit for Underground Mining (BDTBT)
On this training Outline about: Underground mining system, The occupational health and safety in underground mining, drilling machine maintenance, drilling equipments, drilling for blasting
- 2019 **Training for Soil and Rock Mechanics**
College Of Industrial Technology Padang (STTIND)
On this training Outline about: To determine the strength of soil or rock in a effort to determine slope stability and other geotechnical parameters

CORE COMPETENCIES

- ❖ **Good Interpersonal Skills and Working Attitude**
- ❖ **Excellent Communication & Presentation Skills**
- ❖ **Can Work in Teams and Individually**
- ❖ **Able to Work Under Pressure**
- ❖ **At Work is Always Result-Oriented**

ORGANIZATIONAL EXPERIENCE

- 2015 **Badan Eksekutif Mahasiswa Pendidikan Diluar Domisili Padang State University**
As Chief Of Public Relation Division
Holding activities welcoming new students, licencing the event venue, and many more
- 2017-2020 **Mining Engineering Student Association Of STTIND**
As Member
